

June 3 2018 Cardboard Boat Regatta Rules & Information (page 1)

Please read carefully! Boats that do not comply with rules may race but will not be eligible to win.

Rules for Building an Eligible Boat:

- Boats must be made entirely from cardboard, no more than 3 layers thick. They must not be bonded to any other material including, but not limited to, vinyl or wax (similar to what is used in packing cases).
- The boat may **NOT** be covered in plastic sheeting, fiberglass or other kind of resin, tape, epoxy glue or other “multi-part” glues or varnishes or other adhesive.
- Joints and seams **only** may be taped and/or glued. You may use glue, sealant, rubber, or contact cement, paint, or tape. Tape or sealant may not extend more than 2 inches to either side of seam.
- **NO** metal, wood, Styrofoam or other types of foam, or plastic may be used.
- Boats may not exceed 16 feet in length and may not exceed 10 feet in height.
- All boats must be inspected at check in. Event officials reserve the right to disqualify boats for violations of the above rules.
- Have fun and use your imagination!

Race Rules:

- Each boat may be entered in a maximum of two (2) race categories. A registration fee must be paid for each race category entered.
- If your boat sinks or falls apart, you are disqualified from the race and should exit the water as soon as possible.
- Boats must be controlled with paddles – no motors or flippers. Paddles will be provided by the park.
- No participant may interfere with or harass another participant. Poor sportsmanship will result in disqualification.
- All participants must wear a personal flotation device (PFD) approved by the Park Authority. PFD's will be provided.
- Final **Survivor race** is for boats that are still sea-worthy and **did not win** an earlier race category. Sea-worthiness will be determined by event officials. If you are not participating in the Survivor race, please move your boat out of the way.

Race day Schedule: All boats must be dropped off and carried to the boat staging grounds (on or near the beach) by **9 a.m.** This is necessary so that boats can be inspected, placed into the heat line-up, and reviewed by judges for design categories—all before the races begin.
